After graduating with Bs.c Psychology I gained experience in digital marketing and social media management.

I worked in different entertainment fields, from e-commerce brands to actors' agencies, and my media market knowledge has deepened. This now is key to my interior design career as I know how to connect and endure a relationship with a client.

At the end of the road, I was headed toward the architecture industry and its helpful insights, mixing healthy environments, interior design, and psychology.

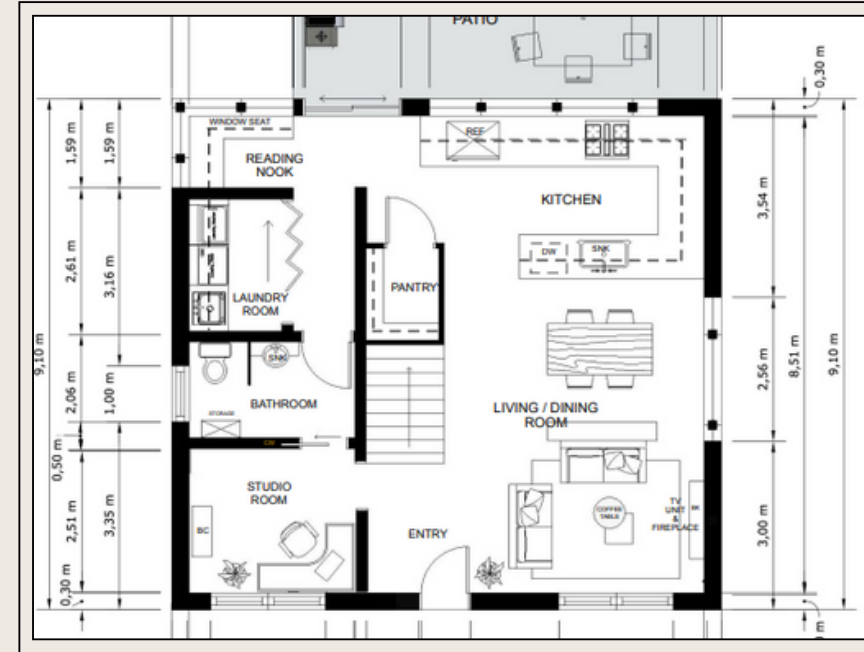

PROJECTS

.MINIMALISTIC CAFE

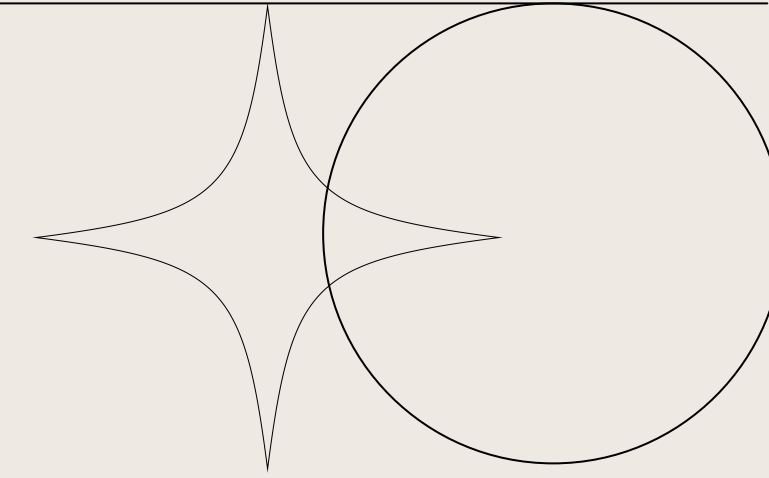

A new cafe that mixes minimalistic design and the use of natural light to warm the space without wasting any energy. Floreal Accenture to light up the wood finishes.

HOME RENOVATION

Renovating an 1800 house into an open living space, which connected the living room with the kitchen. The design preferred was an analogous color palette with earthly Accenture

MINIMALISTIC CAFE

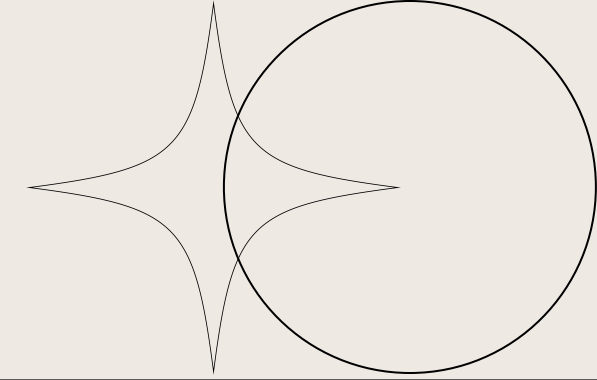

A new cafe that mixes minimalistic design and the use of natural light to warm the space without wasting any energy. Floreal Accenture to light up the wood finishes.

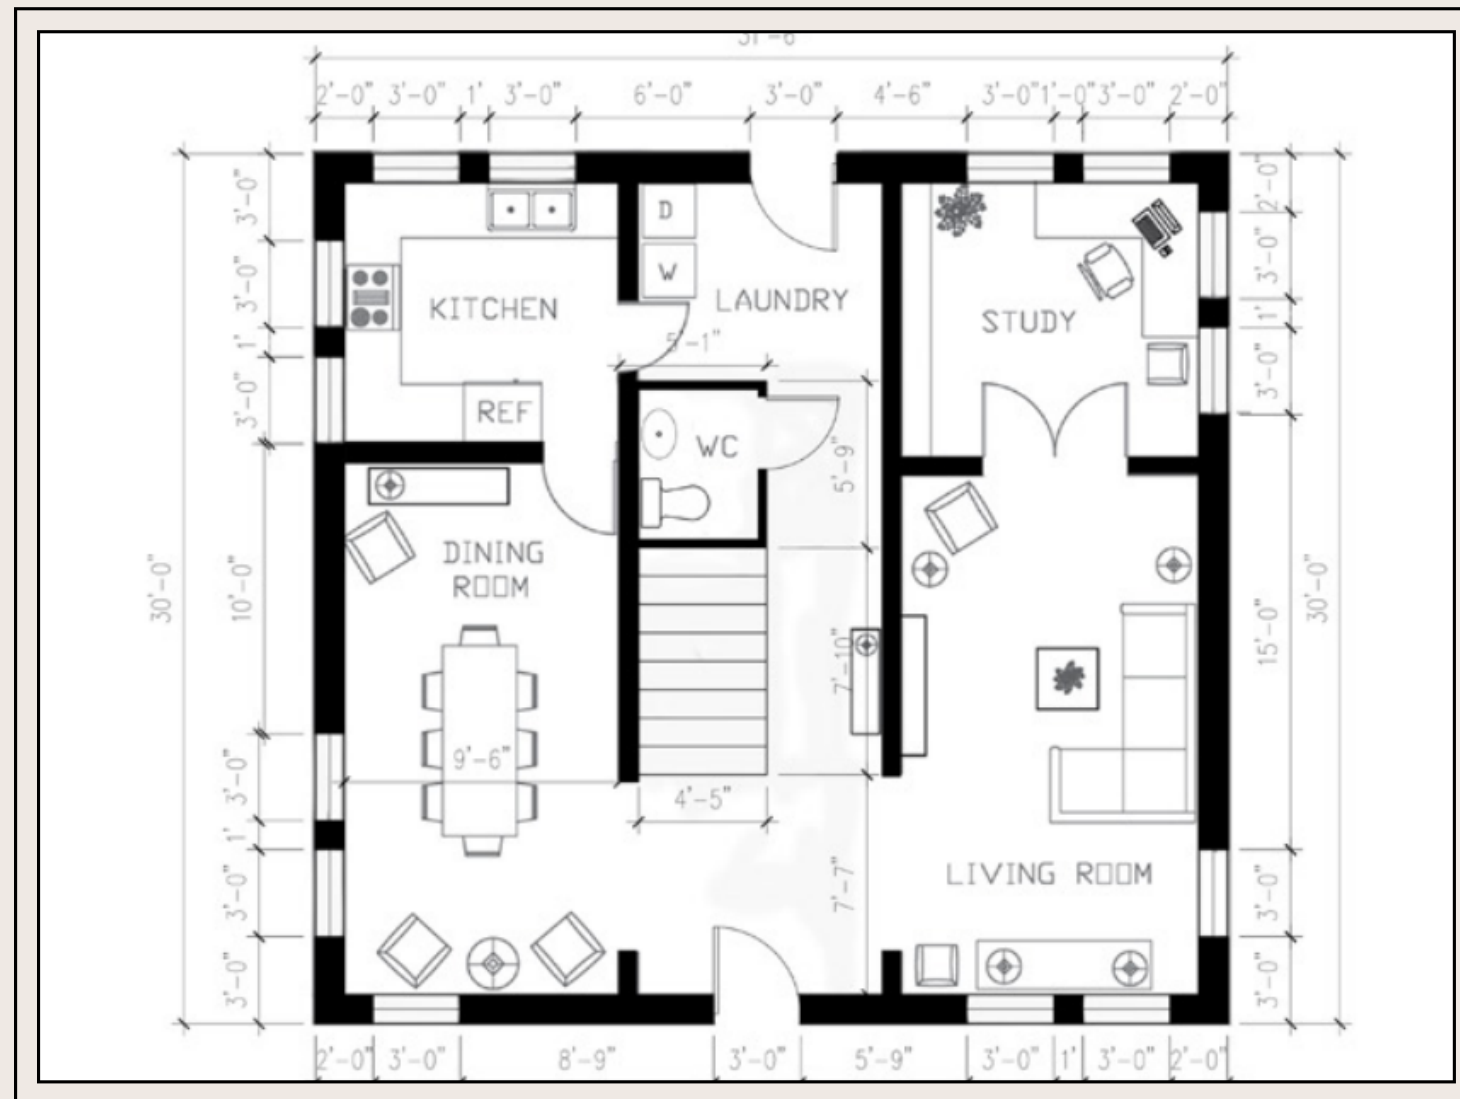

OBJECTIVE the project aimed to design a cafe that helped the light gets into the space not using too much energy waste. That's why I installed a glass panel as a window. The main aim was to prove the skillset in REVIT

SOFTWARE Mainly the design was produced and edited in Autodesk REVIT

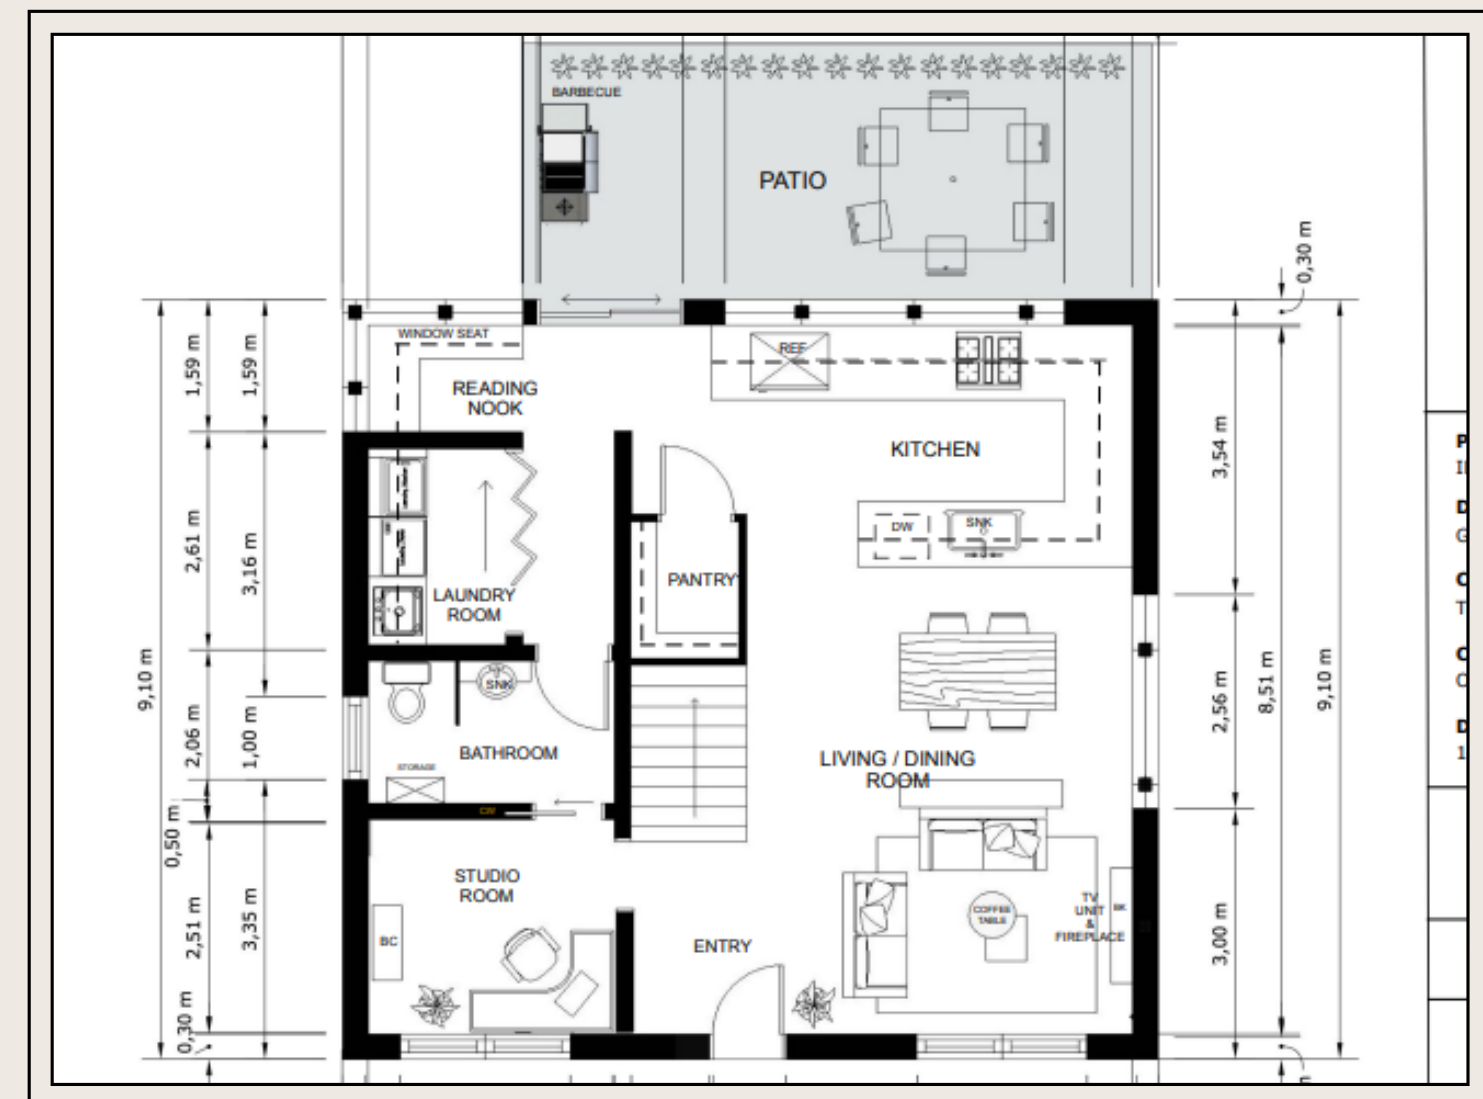

RENOVATION HOME

from this

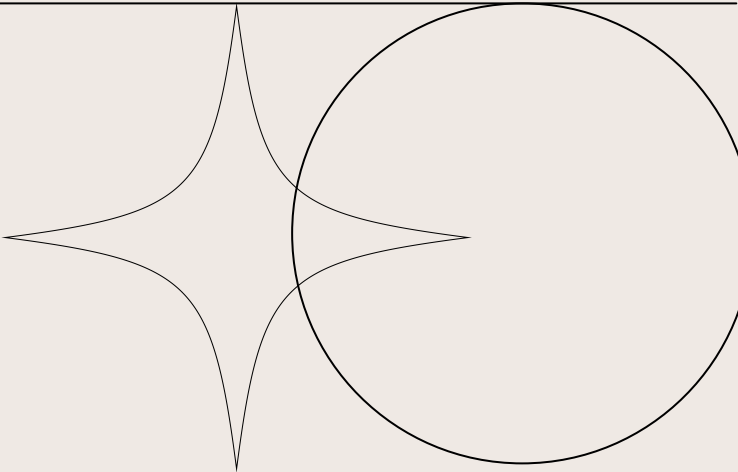

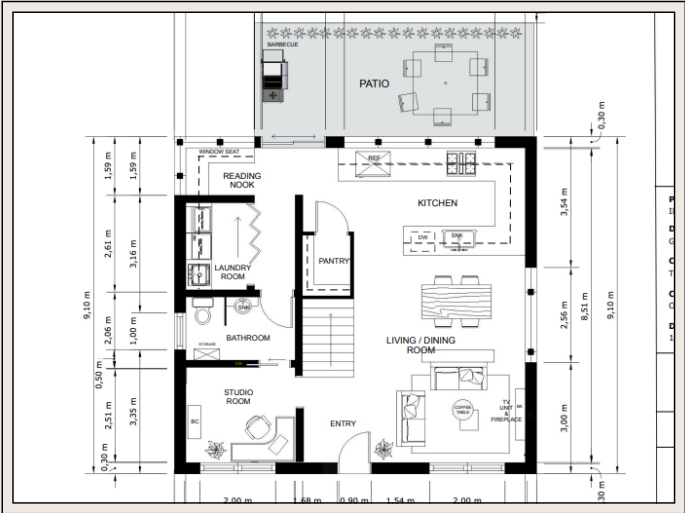

to this

Renovating an 1800 house into an open living space, which connected the living room with the kitchen. The design preferred was an analogous color palette with earthly Accenture.

RENOVATION HOME

For this project I have made:

- floor plan
- reflected ceiling plan
- mood board and sample board
- schedule finishes
- schedule fixture and furniture

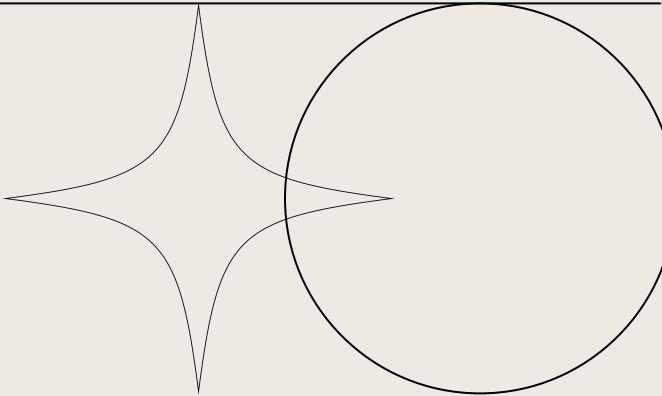

SOFTWARE

Sketchup to design floorplans and reflected ceiling plan, EXCEL, and PowerPoint to prepare schedule finishes and texture schedule.

OBJECTIVE The project aimed to renovate the design of an 1800 house into an open living space with connected the kitchen with the living room and helped the family who has 2 teenage kids to enjoy the space. This project is the final exam for the Interior Design Institute Diploma.

RENOVATION HOME

ROOM LOCATION	FABRIC SPECIFICATION	DESCRIPTION	IMAGE
CURTAIN WEIGHT FABRICS			
living room curtains	supplier: No Chintz name: breeze sheer color: linen content: 51% linen, 49% poly width: 320 cm theme: continuous sheer care instructions: wash cold recommended use: curtains	I've chosen linin curtains for the living room to enable the light come in but at the same time give space and intimacy to the space. The curtains will be held by a concealed tab top. The color fits perfectly in the earthly palette submitted in the living room while greenish and brown tones.
